Katun PN: See Page 2 • OEM PN: See Page 2

These Katun toners provide outstanding print quality and performance in Lexmark MX-series MFPs!

Katun is proud to introduce high-quality remanufactured printer toners to our growing line of products for use in Lexmark printers and MFPs. These two Katun® Performance™ monochrome toners provide outstanding performance, excellent print quality and significant cost savings. Katun continues to rapidly develop products for printers that are actively being sold by Lexmark, providing dealers with significant profit opportunities, both now and in the future.

Benefits:

◆ **Katun Offers Reliable Quality and Consistent Performance**
You can trust Katun – this new monochrome toner has been developed and rigorously tested to ensure complete compatibility with the OEM toner and to provide outstanding:

 • Image quality & density
 • Yields
 • Fusing performance

◆ **Reduce Your Supplies Costs**
Gain a competitive advantage through quality and cost savings. These toners offer OEM-equivalent performance at a significant cost savings, which means you can improve your profitability without sacrificing quality. Additionally, as these printers are still actively being sold by Lexmark, these new Katun monochrome toners provide dealers with immediate and long-term profit opportunities.

◆ **A Smooth Transition from OEM Toner**
These remanufactured toner cartridges fit, install, and perform similar to the OEM products, which helps make the transition from OEM toner to Katun toner seamless for your customers. Katun Performance™ toner cartridges are developed and manufactured according Katun's strict quality guidelines to ensure consistent quality and performance.

◆ **A Comprehensive Product Offering for Dealers Selling Supplies for Lexmark Printers**
Katun offers a comprehensive line of toner cartridges for use in today's most popular Lexmark monochrome and color multifunctional equipment, enabling you to meet the printing supplies needs of all your customers – whether large or small.
